

Nebraska's **premier skills competition** for professional commercial vehicle technicians!

PUT YOUR TRUCK KNOWLEDGE TO THE TEST!

WHY SHOULD YOU COMPETE?

- **Open to all heavy-duty truck diesel technicians who are**
 - Nebraska Based Business
 - Has a shop in Nebraska
 - Works in a neighboring state without a SuperTech Competition
- **No entry fee to enter and compete**
- **Encourages technicians to stay current**
- **Rewards technicians for their knowledge and skills**
- **Bragging rights**
- **Because it's FUN!**

Contestants, who come from all segments of the trucking industry, will take an ASE-style mobile-friendly online test with the top 16 moving on to the final hands-on competition. The hands-on competition features stations designed to measure thorough knowledge of heavy-duty commercial vehicles, including theory and practical application.

In addition to the hands-on competition, Nebraska SuperTech also features a panel forum where technicians are briefed by the SuperTech judges about industry trends. Contestants are given the chance to ask questions of these industry experts to further enhance their professional knowledge.

The SuperTech competition is open to any actively employed commercial vehicle technician. Service managers, trainers and instructors are not eligible to enter the competition.
